

**CITY OF MARTINSVILLE
DEMOLITION OF STANDPIPE SPECIFICATIONS
BETHEL LANE WATER STORAGE FACILITY**

ADDENDUM No. 2

March 31, 2016

The following items are presented as additional clarifications and statements:

1. The City Electric Department will cover the primary electric lines along Bethel Lane, however the Contractor must use caution to not come into contact with these live electrical lines. Safety is of utmost concern on this project.
2. The City Water Resources Department will have the large pine tree adjacent to the tank removed and cut flush with the ground prior to start of work.
