A close-up, low-angle shot of a dark-colored police vehicle at night. The vehicle's emergency lights are flashing, with bright blue and red beams illuminating the scene. The car is positioned on a dark surface, possibly a road or parking lot, with bare trees visible in the background. The overall atmosphere is dramatic and professional.

MISSION STATEMENT

We, the members of the Martinsville Police Department, are committed to being responsive to our community in the delivery of quality services. Recognizing the responsibility to maintain order while affording dignity and respect to every individual, our objective is to improve the quality of life through a community partnership that promotes safe, secure neighborhoods.

Chief's Message

Dear Citizens,

As we reflect on the past year, I am immensely proud to present the annual report of our police department. It is a testament to the dedication, resilience, and unwavering commitment of our officers and staff to serve and protect our community.

Over the past year, we have worked diligently with our citizens to make great strides in reducing crime in our wonderful city. This partnership has resulted in a 19% reduction in overall crime and further emphasizes how, together, we have made Martinsville a great place to live and work.

Our department has remained focused on community engagement and building trust with the residents we serve. Through initiatives such as neighborhood patrols, community outreach programs, and collaborative partnerships with local organizations, we have worked tirelessly to foster positive relationships and address the concerns of our community members.

Additionally, we have prioritized training and development opportunities for our officers to ensure they have the knowledge and skills to adapt to evolving circumstances and uphold our commitment to fair and equitable policing.

While we have made significant progress, we recognize that work must be done. We remain committed to listening to the needs of our community and implementing strategies to enhance public safety while promoting accountability and transparency within our department.

I want to extend my heartfelt gratitude to the members of our community for their continued support and partnership. Together, we will continue to strive for a safer, stronger, and more resilient community for all.

Sincerely,

Robert Fincher

This program allows each neighborhood to have a point of contact within the police department who can address issues and build relationships within the community. NRO's spend time during their shift in their assigned NRO area.

NRO's are meant to address non-emergency situations. They can provide advice and assist in directing citizens to the resources available to address their concerns.
